

APW PRO WHITE 500P

Non-foaming with no chelating agents. 500P contains an exclusive corrosion inhibitor package preventing flash rusting and darkening of brass parts. Safe to use on food surfaces.

Ideal for: metals, paints, plastics, stainless steel, brass and aluminum.

Description: white powder. 100% actives. Ships UPS.

APW ANTIRUST 518

Rust and corrosion inhibitors provide excellent protection against rusting in each phase of most cleaning machines.

Ideal for: ferrous and non-ferrous metals.

Description: light brown liquid. 20% actives. Ships UPS.

Note: additive to parts washer detergents.

APW PHOSTIGHT 524

Very effective in removing heavy, oily soils. Cleans and phosphatizes to assure paint adhesion and corrosion resistance. Safe to use on steel and iron. Contains effective ScaleStop™ that helps protect machine systems from scale build-up.

Ideal for: parts washers, dip or wipe-on cleaning and phosphatizing.

Description: clear liquid. 18% actives. Ships UPS (finished prod. ONLY.)

APW PRO WHITE 531L

Easy-to-use liquid. All purpose cleaner suitable for most greases, grimes and soils. Also an effective floor cleaner that can be used through floor scrubbers. Works well with auto-fill systems.

Ideal for: steel, brass, aluminum, iron, plastics and painted surfaces.

Description: red liquid. 17% actives. Ships UPS (finished prod. ONLY.)

APW LUMASTRIP 534

Non-abrasive, alkaline detergent. Formulated to be a low-foaming, rust-inhibiting, non-staining/etching surface cleaner. Sustained cleaning power makes it very economical.

Ideal for: light/heavy duty aluminum and alloys, brass, stainless steel, copper and plastic resin.

Description: brown liquid. 22% actives. Ships UPS.

RPSI
detergents
SHINE.™

AUTOMATIC & MANUAL PARTS WASHERS

Non-foaming and extremely economical, these detergents are formulated to optimize parts washer environments. Corrosion inhibitors are Accu-blended™ with quick-release agents and surfactants – maximizing productivity and protecting both parts and parts washer equipment.

APW STEELSTRIP 535

Does not discolor or corrode. Cleans up greases, oils and other intensive elements. Also works as a paint stripper.

Ideal for: light/heavy duty iron, steel and stainless steel.

Description: brown liquid. 22% actives. Ships UPS (finished product ONLY.)

PW HANDS ON 536

For use in manual parts washers. Neutral pH detergent.

Ideal for: glassware, plastic, painted and metal parts.

Description: gold liquid. 23% actives. Ships UPS.

APW CITRICLEAN 538

Uses natural power of citrus to dissolve grease, inks and oils. Non-foaming.

Ideal for: most maintenance type parts and equipment pieces.

Description: white liquid. 30% actives. Ships UPS.

D-FOAM 552

Anti-foam additives help eliminate foaming problems.

Ideal for: parts washers and other equipment.

Description: white liquid. 40% actives. Ships UPS.
