detergents
SHINE.™

DEGREASER

Synergistic formulations combine with alkaline builders to actually convert grease and soils into soap – powering through extreme road grime with ease. Safe for use on vehicles and painted surfaces.

GREASE CUTTER 503

Attacks the most difficult cleaning projects. Works effectively as a pre-spray. Leaves an extremely clean surface that is free rinsing. Contains ScaleStop™ to protect machine systems from scale build-up. Helps restore faded paints.

Ideal for: cars, trucks, fifth wheel, mobile homes. Aluminum metals, glass and most cleaning surfaces.

Description: red liquid. 20% actives. Ships UPS.

Application: upstream, downstream, pre-spray, hot or cold water.

CITRAX 521

Neutral pH degreaser and detergent booster. For use in heavy-duty degreasing and cleaning. Releases the natural power of citrus to dissolve grease, grime and tough dirt. Can be used as an additive to other detergents. Pleasant aroma!

Ideal for: commercial trucks, road vehicles and machinery.

Description: gold liquid. 18% actives. Ships UPS.

Application: downstream, pre-spray, hot or cold water.

CRETE CLEAN 532

Highly concentrated to powerfully clean and degrease. Will remove most oils, grime, dirt and tar. Can also be used as a floor scrubber. 100% active. Contains phosphorescent pH indicating dye.

Ideal for: masonry, bricks, stone, mortar and concrete.

Description: green powder. 100% actives. Ships UPS.

Application: downstream, pre-spray, hot water.

BULLET 537

Cleans most dirt, grease and grime. Safe for use on food surfaces. Contains ScaleStop™ to protect machine systems from scale build-up.

Ideal for: vehicles, drilling rigs, mining equipment, industrial applications. Metals, painted surfaces, plastics, steel, aluminum.

Description: red liquid. 17% actives. Ships UPS.

Application: upstream, downstream, pre-spray, hot or cold water.

Note: for use on oil rigs with the addition of Citrax 521 and 550.

SUPER RED DEGREASER 550

Heavy butyl based formulation. Removes the most extreme grease and grime. Prevents flash rusting. Not for use on aluminum, painted surfaces or galvanized metals.

Ideal for: industrial equipment, vehicles, fork trucks.

Description: red liquid. 21% actives.

Application: downstream, pre-spray, hot or cold water.
